

Commission Chambers Audio Visual System Upgrades RFQ 006-17-LS
Addendum #5 – Project Update

Thank you all for participating in this Request for Quote.

This audio visual upgrade project is dependent upon a larger Chambers/City Hall Renovation (construction) project which was recently put out to bid with a closing date of 9/13/17. However, no bids were received for that project so the plan is to put that project back out to bid in Spring 2018. Therefore, the Chambers Audio Visual System Upgrade project has been put on hold until further notice, and will be subject to the outcome of the larger Chambers Renovation project bid in the Spring.
