

**CLARIFICATION ADDENDUM**  
**September 13, 2018**

**Request for Proposal No. RFP/011/18/SB – Playgrounds**

The questions below have been presented for clarification. All additional questions must be submitted, in writing, before September 10, 2018. This will serve the FINAL CLARIFICATION ADDENDUM to be issued. No additional clarifications will be issued.

- Regarding the above referenced RFP, Addendum #1 indicated a bid bond was required. What is the amount required for the bid bond?
  - **Bid bond value shall be 10% of the submitted bid value.**
- Can you please clarify the General Contracting License requirements? We ( Playworx ) are Little Tikes Sales Agency and do not carry a GC license, which is typical of majority of the rep agencies. However, our installers are General Contractors and are licensed to pull permits. Is this acceptable for the City of Winter Springs?
  - **Provided the installation subcontractor is a licensed General Contractor, your proposal would meet the requirements of the RFP.**
