## The Police Report:

### APRIL IS HERE SO LET'S GET PREPARED

April is a good month to begin preparations for the coming storm season. If you get started early, your plan and preparations will be much stronger and more reliable.

You can begin with an inventory of non-perishable foods. You may have foods and supplies from last season so now is a good time to re-evaluate them and either dispose of or consume them. Also begin thinking about a water plan should your area experience an outage.

Home repairs taken on during the dry season will go faster and be more secure. Trying to finish a home project during frequent rain is tedious and often can do more damage than good. Exterior house paint, window seals and caulking, door weather-stripping and roof serviceability are all areas that should be reviewed.

# WINTER SPRINGS POLICE DEPARTMENT (CONTINUED)

A good check list might contain the basics:

- 1. The ability to boil or filter water**
- 2. Non-perishable food stocks**
- 3. Tarps for impromptu / temporary weather proofing**
- 4. A Family plan / where to meet / where to evacuate**
- 5. Sundry items such as batteries, flashlights, personal hygiene items and first-aid kits**

A good preparedness plan can help alleviate some of the anxiety that comes with Florida storm season. An early start gives you plenty of time to formulate solid ideas and durable alternatives. For additional information for resources in your area, check the below included links.

For more information, don't hesitate to contact the Community Relations Bureau through Cpl. Raney at 407-327-7980 or Cpl. Fugate at 407-327-6561. Only a community and its police department can form the 360 shield of protection.

Always remember, if you see something unusual, do not hesitate to notify the Police. **IF YOU SEE SOMETHING, SAY SOMETHING.** If you feel uncomfortable about calling the police department, you can report suspicious activity anonymously to the **NEW CRIMELINE Number at 800-423-TIPS** or on the **CRIMELINE website <http://www.crimeline.org/>**. You don't have to give your name. The Police Department in cooperation with the community is the 360 shield which protects us all.

## Opportunity Site:

• Winter Springs offers excellent opportunities for the development of high technology industries. Situated on the eastern edge of the City, Seminole Way is a strategic economic development initiative focused on attracting high value jobs and businesses to Seminole County. The State Road 417 (Central Florida Greenway) corridor defines the boundaries of the Seminole Way district, spanning the length of Seminole County and connecting to both Orange County's "Innovation Way" and the "Medical City" located at Lake Nona. The City has targeted this Greenway Interchange District (GID) for technology industry development complemented by commercial and retail establishments. It is expected to become a premier employment center with professional and high tech office buildings, conference facilities, and hotel rooms. The GID opportunity site is comprised of 26 potential sites with over 378 acres. One of the key features of this opportunity site is the ease of assemblage: it offers the largest consolidation of vacant developable land within the City under the ownership of only three land owners.
