### Florida Statute 200.065 - Truth in Millage Bill (TRIM):

This statute went into effect with fiscal year 1982. This law will only allow a taxing authority to receive the same dollar amount of property tax in each subsequent year without advertising a tax increase. If property values increase, exclusive of new construction, the taxing authority is required to reduce, or roll back, the millage rate in order to receive the same tax dollars as the previous year. Any millage in excess of the rolled-back millage is considered a tax increase and must be publicly advertised. Additionally, any tax increase must be publicly announced at two public hearings prior to the budget adoption.
